

## Ultramol® Flower Hydroponica 10.2-5-28.2 +1.5Mg +TE

### Related Crops

•Concept = 2 pillars :

1.Crop Specific water-soluble NPKs (Ultramol Crop Hydroponica)

2.Software-guided crop specific nutrient solutions generated by Hydroponica CalQ.

•Cost efficient solution to minimize crop failure and income loss : full crop cycle nutrient requirement covered with only 2 to 3 Ultramol fertilizers
