

## Bulldog® StableN 28-8-18 Bentgrass Special

### *Related Crops*

High analysis water soluble formula produced especially for the nutritional needs of bentgrass. Superb fertilizer for greens, tees, and fairways. The nutrition package helps bentgrass tolerate heavy traffic and frequent mowing. It contains a balanced mixture of all essential plant nutrients including stabilized nitrogen. Stabilized nitrogen controls nitrogen loss due to volatility, denitrification and leaching, ensuring highly efficient performance for maximum returns. Delivers long-lasting and consistent green color, making it ideal for golf course superintendents and other landscape professionals.

### Benefits of Bulldog® StableN Bentgrass Special

- Quick green-up
- Puts you in control of your fertility program
- Exceptional turf color and quality that stands up to stress
- Improves nitrogen efficiency by controlling loss to volatilization, denitrification and leaching
- Environmentally responsible
- Tank-mix compatible

### DERIVED FROM:

Urea, Potassium Nitrate, Ammonium Phosphate, Iron EDDHA, Iron EDTA, Manganese EDTA, Copper EDTA, Zinc EDTA, Boric Acid, Sodium Molybdate. F1367.
