

## Ultrasol® Magnum P44®

### Related Crops

- The strongest acid fertilizer in dry, crystalline form, facilitating safe and convenient handling.
- Thanks to its acidic action, Ultrasol® Magnum P44® considerably increases the absorption of nutrients from the soil.
- It is 100% water-soluble.
- Prevents blocking of irrigation systems.

### Technical information

|                                                               |                              |
|---------------------------------------------------------------|------------------------------|
| <b>Total ureic nitrogen content (N):</b>                      | 18 %                         |
| <b>Total phosphorus content (P<sub>2</sub>O<sub>5</sub>):</b> | 44 %                         |
| <b>Total phosphorus content (P):</b>                          | 19,2 %                       |
| <b>Solubility:</b>                                            | > 99,8 %                     |
| <b>Moisture content:</b>                                      | < 0,3 %                      |
| <b>EC (1 g/l at 25°C in mS/cm):</b>                           | 1,51                         |
| <b>pH of 1% solution:</b>                                     | 1,8                          |
| <b>pH of 0,05 % solution:</b>                                 | 2,8                          |
| <b>Form:</b>                                                  | Crystalline, odourless power |
| <b>Color:</b>                                                 | White                        |
